**Education is not a destination but a journey in itself that turns an entity into a human being which is the biggest need of the hour.**

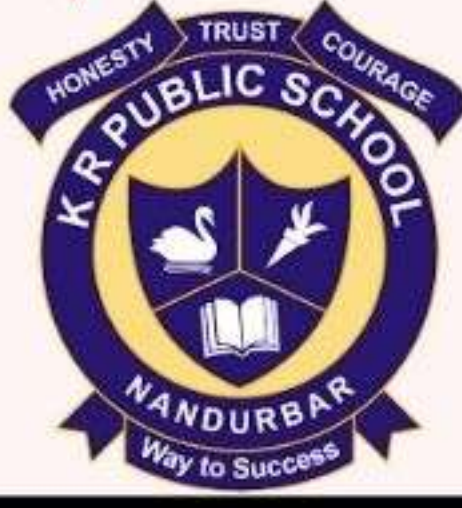

The core purpose of education is to provide children with a learning environment that brings out the best in them.

KR Public School believes that every child is endowed with a unique set of attributes and abilities, which needs to be nurtured so that they blossom. Therefore, every child deserves an education that fosters academic excellence and all-round development, and ensures their well-being. We are inspired by these tenets in everything that we do at KR Public School. KR Public School, looks at children as individuals and not as a class. We groom and nourish each child independently, for all required distinct attention. We build an atmosphere where each child explores multiple activities, and experiences challenges to find his/her own strengths. Life demands a healthy and intelligent mind, with a healthy body. Our curriculum has been especially designed to make it inclusive; where physical, emotional and mental needs are equally significant. Unlike the traditional method of teaching, where the focus is on the trainer, our approach is learner-centric. We maintain a democratic and participative culture with mutual respect and appreciation for individual values.

There is a constant endeavour at our end to keep ourselves at par with the ever changing environment. Various orientation workshops are held at regular intervals for teachers to absorb the vision, align with the values and take ownership for our mission and the curriculum. The school, next to the family, takes special responsibility in equipping children with the right attitude and skills that would help them become winners. Modern infrastructure, continuous realignment of curriculum, pedagogy and committed and skilled teachers are the ingredients of KR Public School. As a concerned parent, your search for an effective collaborator to attend to your child’s scholastic and versatile needs concludes at KR Public School.

## The School Campus

The splendour of mother nature can be experienced in the school campus in the form of beautiful gardens dotted with innumerable ornate and colourful flowering plants. Pockets of lawns and rock gardens are placed with vast playgrounds, the favourite haunts of the children.

Located in Nandurbar, the campus is spread over 15 acres, away from the noise and pollution of the city and yet easily accessible, the location is indeed unique. The School Campus is designed to nurture young minds and to allow creative freedom. Every corner of the school be it classrooms, playground, activity rooms, labs, dining hall is specially designed to explore the imagination and expression for conducive learning. The campus houses the following blocks:

- Administrative Block
- Academic Block-I (Secondary & Senior Secondary)
- Academic Block-II (Primary)
- Pre-Primary Block (Sishukunj)
- Play fields & Swimming
- KRPS - The Dining Hall
- An exclusive state of the art music, art & dance block
- Sports Block

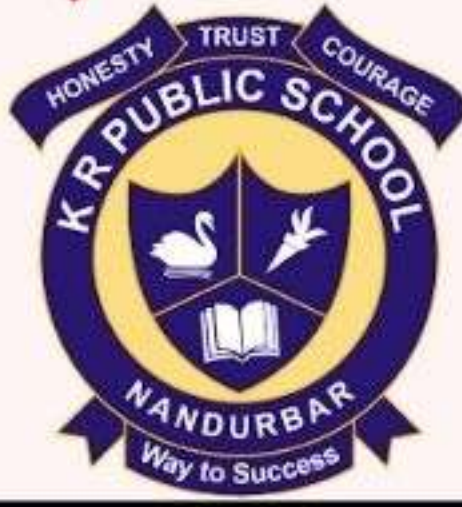

## Class Rooms@KRPS

The classrooms are spacious with well lit lights, furnished and ventilated to combat the harsh climate of the region.

## Computer Lab

KRPS has a well equipped computer lab with modern technology monitors. With access to computers (one per student), students can develop their potential and widen their horizon by exploring alternatives. The computers in the lab are upgraded with appropriate software which offers hands-on IT knowledge.

## Mallakhamb

It redefines the concept of a full-body workout. Hanging from the pole engages not only the upper body but also the lower body muscles. The sustained grip required during hanging activates the forearms, enhancing grip strength.

It develops the grip, stamina, and strength in the arms, legs, and upper body of the students.

## Wellness Infirmery and Dispensary

Wellness Infirmery and Dispensary are available 24\*7. The appointed qualified nurse keeps a track record of the students health and a regular medical check up is conducted by a specialist doctor to monitor the students health and condition.

Workouts help to create a lean, muscular body. The abdominal, back, arms, and thighs can benefit the most from these exercises, which are also good for developing strength in a wide variety of other activities and sports, including gymnastics and wrestling.

## Aerial Silk

## RO Water Plant

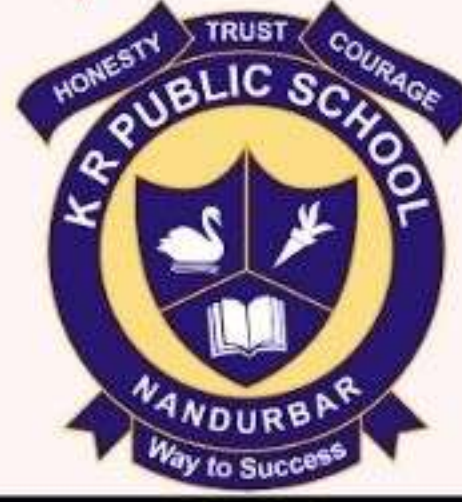

## Sports

KRP School believes in the power of sports in delivering holistic development of children and motivates students to engage in various kinds of sports and benefits like Physical Fitness, Motor skills, Cognitive skills, Teamwork, Goal orientation, Hard Work, Discipline and Dedication, Work ethics, Self-esteem, self-confidence, and Sense of Achievement, and Handling Emotions under the trained sports coaches.

A separate RO Water Plant is installed for the hostellers keeping in mind the health of the students with the provision of providing hot and cold water according to the seasons.
